

# **EU TRUST SERVICE LOCAL**

Panoramica delle funzionalità

# 1) visualizzazione country e service types

Nella schermata home abbiamo implementato in maniera semplice ed intuitiva la visualizzazione richiesta nei requisiti minimi.

## 2) bandiere cliccabili

Appena viene aperta la schermata, possiamo interagire con le country per vederne i servizi

### 3) Cronologia

Abbiamo implementato la cronologia in modo da poter consultare le ricerche precedentemente effettuate in modo facile e veloce. Il bottone si trova nella home.

## 4) ricerca per Countries-Service Types-Providers-Statuses

le ricerche dinamiche vengono fatte sequenzialmente nel seguente ordine:

- countries
- service types
- providers
- statuses

nelle slide vedremo le seguenti schermate. I campi successivi vengono cambiati dinamicamente dalle soluzioni precedenti.

nota: per andare alla pagina successiva occorre selezionare almeno una country
